EXPERIENCE

Junior Software Engineer Intern

Citizens Bank

Jun 2026 – Aug 2026

Phoenix, Arizona

- Built a runbook dashboard using HTML, CSS, and JS, leveraging AI-assisted development to accelerate troubleshooting.
- Collaborated with cross-functional teams to translate business needs and technical requirements into digital solutions.
- Designed and refined internal banking workflows, incorporating stakeholder feedback to improve usability and efficiency.

UX and Web Development Intern

Lalaforever Inc.

Jun 2026 – Present

Remote

- Designed an end-to-end AI-assisted prototype for an intern and scholar portal, from initial ideation through final prototyping.
- Identified and implemented UX improvements to the Lalaforever website, improving navigation and usability.
- Developed a LinkedIn content strategy and proposal, including post concepts and drafted content.

Campus Lead

Changemaker at ASU West Valley

Jan 2025 – Present

Phoenix, Arizona

- Led and mentored 8 student leaders, growing the team from 4 to 9 members and increasing annual funding by 153%.
- Collaborated with cross-functional teams and launched the team's first signature event, drawing 5× typical attendance.
- Designed promotional materials and merchandise while leading communications and maintaining ASU brand standards.

PROJECTS

- **Citizens Bank Triage Assistant Runbook Dashboard**
 - o Designed and developed an internal triage assistant runbook dashboard using HTML, CSS, and JavaScript to streamline troubleshooting workflows.
 - o Created user flows and dashboard interfaces for runbook status, execution, and troubleshooting, incorporating stakeholder feedback to improve usability.
 - o Leveraged AI-assisted development and testing to rapidly prototype, refine, and validate the dashboard experience.
- **Mabeproducts.com Website Usability Evaluation & Redesign**
 - o Conducted heuristic evaluation using Nielsen Norman Group principles to identify critical usability issues.
 - o Led moderated usability testing with 4 participants and authored a comprehensive UX report.
 - o Translated research into actionable wireframes and recommendations that were implemented, improving the site.
- **Changemaker Website Usability Evaluation (ASU)**
 - o Performed heuristic analysis using Nielsen Norman Group principles to evaluate usability and information structure.
 - o Identified usability gaps and developed actionable recommendations to improve hierarchy and user flow.
 - o Authored and presented a formal UX report to stakeholders, influencing redesign decisions.
